CELEBRATE THE GOLDEN AGE OF THE AIRPLANE AND THE AUTOMOBILE...

Enjoy a hearty breakfast and then stroll through rows of homebuilt, antique, and historical military aircraft. Then for a change of pace, explore the large display of Ford Model A's and Model T's. After examining these vintage automobiles, why not take a free ride in one?

Walk through the Ford Hangar, which was built by Henry Ford in 1926 and is now a national historical landmark. Aviation pioneers such as Charles Lindbergh, Amelia Earhart, and Wiley Post also used the hangar to promote aviation in the U.S. during the early 20th Century. And after a delightful morning, why not stick around for lunch?
